Financial Policy

Our goal is to provide quality individualized care in a timely manner. We would like to inform you of our financial policy regarding your care here at Earth Moon Acupuncture. Thank you for choosing Earth Moon Acupuncture for your health needs.

Missed Appointments/No Show/Cancellations without 24-hour prior notification: No-shows, late arrivals and cancellations without 24 hour prior notification prevents us from providing care to those who need access to acupuncture and massage. In order to be respectful of the needs of other patients, please be courteous and call or email the office if you are unable to show up for an appointment. This time will be reallocated to someone who is in need of treatment. We require that you contact our office 24 hours in advance by phone, or via email, info.earthmoon@gmail.com. **Failure to comply will result in a \$25 charge**, calling in for day-of appointment availability or dismissal. This charge is not covered by your insurance company.

Late Arrivals: Arriving more than 10 minutes late will result with the need to reschedule your appointment or a reduction of the allotted time for your services.

Copayments and Coinsurance: Copayments are a fixed amount for a covered service paid by the patient each time a medical service is accessed and due at the time of service. Coinsurance is a percentage that is your patient portion and will be billed to you.

Medicare MGD Patients: If the patient has a Medicare Advantage plan, we will check their plan benefits to verify whether or not the plan will pay for Acupuncture or Massage Therapy. If the plan benefit coverage includes these services we will bill the insurance company accordingly. If the plan benefit coverage does not include these services, we do offer our services at a time of service discounted rate for all Self-pay patients.

Cupping: Based on each insurance benefit plan or type, cupping therapy may be a combined benefit with physical therapy, and count towards your physical therapy benefit limit. By agreeing to receive cupping as part of your treatment, you are agreeing for us to bill your insurance company for these services.

Payment Plan: Payment plans are arranged based on proof of financial hardship and the patient's financial history with Earth Moon Acupuncture with approval from management staff.

Acupuncture

I hereby request and consent to the performance treatments and other procedures within the scope of the practice of acupuncture on me (or on the patient named below, for whom I am legally responsible) by the licensed acupuncturists who now or in the future treat me while employed by, working or associated with or serving as back-up for the acupuncturist, including all those working at the clinic, whether signatories to this form or not.

I understand that methods of treatment may include, but are not limited to, acupuncture, moxibustion, cupping, electrical stimulation, Tui-Na (Chinese massage), Chinese herbal medicine, and nutritional counseling. I understand that the herbs may need to be prepared and the teas consumed according to the instructions provided orally and in writing. The herbs may have an unpleasant smell or taste. I will immediately notify a member of the clinical staff of any unanticipated effects associated with the consumption of the herbs.

I have been informed that acupuncture is a generally safe method of treatment, but that it may have some side effects, including bruising, numbness or tingling near the needling site that may last a few days, and dizziness or fainting. Burns and/or scarring are a potential risk of moxibustion and cupping, or when treatment involves the use of heat lamps. Bruising is a common side effect of cupping. Unusual risks of acupuncture include spontaneous miscarriage, nerve damage and organ puncture, including lung puncture (pneumothorax). Infection is another possible risk, although the clinic uses disposable needles and maintains a clean and safe environment.

I understand that while this document describes the major risks of treatment, other side effects and risks may occur. The herbs and nutritional supplements (which are from plant, animal and mineral sources) that have been recommended are traditionally considered safe in the practice of Chinese medicine, although some may be toxic in large doses. I understand that some herbs may be inappropriate during pregnancy. Some possible side effects of taking herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives, and tingling of the tongue. I will notify a clinical staff member who is caring for me if I am or become pregnant.

While I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, I wish to rely on the clinical staff to exercise judgment during the course of treatment which the clinical staff thinks at the time, based upon the facts then known, is in my best interest. I understand that results are not guaranteed.

I understand the clinical and administrative staff may review my patient records and lab reports, but all my records will be kept confidential and will not be released without my consent.

By voluntarily signing below, I show that I have read, or have had read to me, the above consent to treatment, have been told about the risks and benefits of acupuncture and other procedures, and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

Massage

It is my choice to receive massage therapy which may include the use of hot stones and or cupping and I realize that the treatment is being given for the well-being of my body and mind. This includes stress reduction, relief from muscular tension, spasm or pain, or for increasing circulation or energy flow. I agree to communicate with my practitioner any time I feel like my well-being is being compromised. I understand that massage practitioners do not diagnose illness, disease, or any physical or mental disorder; nor do they prescribe medical treatment, pharmaceuticals, or perform spinal thrust manipulations. I acknowledge that massage is not a substitute for medical examination or diagnosis, and that it is recommended that I see a primary health care provider for that service. I have stated all medical conditions that I am aware of and will update the massage practitioner of any changes in my health status.
